J HOOPER & Co New York

JOY COE & Co Philadelphia.

The Law Regulating Newspapers and Periodicals.

1 Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions

2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid the subscribers are responsible for all the numbers sent

3 If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible till they have settled their bills, and ordered their papers discontinued

4 The Courts have decided that a refusal to take a newspaper or periodical from the Post Office without notifying the publisher and the payment of all arrearages, is prima facie evidence of fraud

Subscribers to newspapers or periodicals removing are liable to pay so long as the paper or periodical may be sent to the residence of the party at the time of subscription unless notice is sent of such removal to the publication office

American & Foreign Patents.

R H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U S Patent Office Washington, (*under the Act of 1837*)

79 Stat Street, opposite Kilby Street, BOSTON

AFTER an extensive practice of upwards of twenty years continues to secure Patents in the United States also in Great Britain, France, and other foreign countries. Caveats Specifications, Bords Assignment, and all Papers or Drawings for Patents executed on liberal terms and with dispatch Researches made into American or Foreign works, to determine the validity or utility of Patents or inventions—and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

The Agency is not only the largest in New England, but it enough to inventors have advantages for securing Patents of ascertaining the patentability of inventions unsurpassed by, if not unmeasurably superior to any which can be offered there or elsewhere The testimonials below given prove that none is *more successful at the Patent Office* than the subscriber, and he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents

These besides his extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe, render him able beyond question to offer superior facilities for obtaining Patents

All necessity of a journey to Washington to procure a Patent and the usual great delay there, are here saved inventors

TESTIMONIALS

"I regard Mr Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse CHARLES MASON Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy* and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office EDMUND BURKE, Late Commissioner of Patents

"Mr R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted and that is now pending Such an unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges" JOHN TAGGART

During eight months the subscriber has prosecuted his large practice made on twice rejected applications *SIXTEEN APPEALS EVERY ONE* of which was decided in his favor by the Commissioner of Patents R H EDDY

Blackwood's Magazine,

AND THE

BRITISH REVIEWS!

Great Inducements to Subscribers!

PREMIUMS AND REDUCTIONS!!

L. SCOTT & CO *New York* continue to publish the following leading British Periodicals, viz

The London Quarterly, (Conservative)

The Edinburgh Review, (Whig)

The North British Review, (Free Church)

The Westminster Review, (Liberal)

Blackwood's Edinburgh Magazine, (Tory)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year They will occupy a middle ground between the partially written newspaper articles speculations and lighter reviews, giving the results of the ripest and most profound thought of the day. Journal and the personal Tone of the future historian written after the living interest and excitement of the great political interests of the time shall have passed away It is to these periodicals that readers must look for the only really intelligent and reliable history of current events and as such in addition to their well established literary character and the political character we urge them upon the consideration of the reading public

The receipt of Advance Sheets from the British publishers gives additional value to these Reprints inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions

THE NEWYORK TRIBUNE

LARGE PREMIUMS

TO OUR FRIENDS

Hitherto we have never offered any one a premium for aiding to extend the circulation of The Tribune We have printed the cheapest newspaper, in view of the outlay by which it is produced and was by far the largest in any country selling it for little more than the cost of the white paper. We employed no agents to canvass for subscribers and never allowed more than one copy (and a copy of our paper) to any of the thousands of generous men who have annually given care that the number of copies of it reserved for distribution in their respective neighborhoods should be at least maintained and if possible increased We have been sparing even of verbal thanks to these friends but have none the less realized the fullness of our obligation to their earnest unselfish painstaking personal efforts

We propose for the present season only—in view of the hard times—to compensate the fact that we are enabled to buy white paper from which cheaper than we had it before during the war, by offering to the Friends of The Tribune a premium of the value of the paper, a complete Manufacturing Establishment, on the Oconto River, twenty-five miles from Green Bay, Wisconsin The entire control of a water power 16 feet fall the river 200 rods wide The land on both sides of the falls belongs to the property, and would cost not less than $3,000 (300 feet lumber per acre) a New Gristmill, with one upright, one stalwart, and 300 lightness,

In Peace or War, on land or sea,
Our flag, the sign of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How, stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tented field, 'mid fearful strife,
Still on! 'till through the sulphurous cloud
It broke in triumph. Treason's shroud!

[Correspondence of the Whig & Courier.]

AUGUSTA, Feb. 10, 1862.

SLAVERY AND GUNPOWDER, are undoubtedly the two important "Institutions" with which in some way we are to work out of our present national troubles. The *power* of slavery is acknowledged by all, but the part it is to play in the great struggle, seems to divide the minds of the people, and men generally side according to their former proclivities. I propose, at this time, to say a few words upon the kindred dark subject, gunpowder, about which, there being no moral question involved, there will be no dispute—where, (amongst us) and how it is made.

J. C. Marble, Esq., member of the House, from Paris, a very excellent and reliable man, has given me two flasks, which I send to you, containing samples of cannon and rifle powder, such as is used by our Government, manufactured at Buckfield and Camden, in this State.—The Powder Mills at Buckfield, are owned by Marble & Co., and those at Camden by Bisbee, Marble & Co. The reputation of the mills is very high—the powder of all qualities, from common blasting, to the finest extra, for sporting purposes, is considered equal to any made in the United States. Mr. Marble, who is interested in both of these establishments, tells me that his mills are now at work on cannon powder, filling a Government contract for a thousand barrels—equal to about fifty tons. This powder is very coarse, as you will notice looking very much like fragments of Lehigh coal. It is made of large grains, because the ignition of such grains is not so sudden as the fine ones, allowing the explosive force to produce an effect the *entire length* of the gun, with consequently less risk of bursting. If you will try a little of each of the kinds sent, you will readily perceive the difference in the *time* of explosion—one being *instantaneous*, the other (coarse) gives a prolonged flash, allowing a little better chance of getting *out of the way*. It was probably this kind that the man had, who, when it got on fire, ran for a bucket of water, but complained that "the darned stuff almost burnt up before he could get back." As people do not visit powder mills much from curiosity, being satisfied that they can see about as well at a respectable distance, I will give you a few particulars about the manufacture of the "villainous compound."

The powder, of which I send you samples, is made of 75 parts nitre (saltpetre), 15 parts carbon (charcoal), and 10 parts sulphur. For extra sporting purposes these proportions vary—say 77, 14 and 9—or thereabouts. It takes about 96 hours for "fibrication" as they term the process of mixing the materials, and forming the "mill cakes," so called, which are about one inch thick. During this process the mass is very slightly moistened, from 2 to 3 per cent. of water being used, and put in thin layers between copper plates, and subjected to the moderate pressure of 200 tons to a square foot; and is in this state called "press-cake-powder."—Large brass toothed rollers are used to break these cakes into suitable sized grains. It is then glazed, to prevent absorption of moisture, by rolling it in canvass bags, or copper cylinders, for several hours. In this operation the sharp angles are broken off, thereby diminishing the dust produced in transportation, and the surface of the grain receives a bright polish. Of the component parts of gunpowder, the quality of the charcoal has the great est effect on the quality of powder. The charcoal used at Mr. Marble's works, is made of the solid wood of black poplar only, which is quite difficult to obtain. In some others black dogwood, and Dutch white willow are used. Great care is necessary in purifying all the substances of which powder is made, and as the proportions of its component parts are well established, the value of the article depends entirely upon the faithful manufacture, and application of its many secrets, in the minutest detail. Good powder when tested upon a copper plate, in quantities of ten grains at a time, should leave no trace of fouling. The chemic, propelling force of ignited gunpowder is said to be equal, under some circumstances, to 2000 atmospheres! Yet all explosive bodies have this propelling force. Detonating substances of various kinds, are highly explosive, will break reports, but have no propelling force whatever. They do not produce any component of expansive gases. In speaking of the size of the grains, I intended to mention, that the grains used in our largest guns, (where from 30 to 40 lbs. are used in one charge (in Rodman's gun, the instance) are cubes of about 6 10th of an inch in diameter. It is thought that no gun yet made could stand the burning of so large a quantity of the finest powder. The larger the charge, the larger the grains, is the rule.

A very small proportion of the powder used in engagements produces any effect on the enemy. I have reason for but a few instances out of the hundreds on record to prove this. It is said that not one shot in thirty takes effect, even in actions noted for their destructive character. In the action between the "Macedonian" and the "United States," in the last war, but 95 of the "United States'" shot struck the "Macedonian's" hull, and no damage slept; yet each of these ships fired at least 60 broadsides—or 2,600 discharges. In the battle of Navarino, the Albion, 74 guns, alone fired 98 broadsides, throwing nearly 4000 balls, about 62 tons of iron, and yet did not sink a ship. The Genoa, 74 guns, in that action lay 84 hours with her broadside upon her antagonist, so near that the whites of the Turks' eyes were visible, and fired more than 7000 pounds of powder, with shot in proportion, yet neither sunk nor destroyed her antagonist. It is said that the rebels on the Potomac have probably fired away $100,000 worth of powder, and have not hurt any one. There are various causes for this "waste of powder," which will readily suggest themselves.

A new ship has just been chartered by Government to transport one of the regiments now here—the 15th probably—to some point not designated. Colonel McClusky has gone down to see about arranging the proper accommodation for the men. F.

The people of Jamaica are desirous of more immigration from Canada and the United States. The Watchman, a Jamaica paper, says that the influx of escaped slaves and free negroes from this continent would contribute to the elevation of the people of Jamaica, as those people would prove more energetic, and on their arrival in the island, institute the free schools and self sustaining mode of religious worship to which they have been accustomed in the United States and Canada. It suggests the appointment of competent and responsible agents of their own race, to explain the inducements which are held out to them in Jamaica, and guarantee that each family and single man should have 25 acres of available land at easy terms, say a dollar and a quarter per acre, and long payments.

A short time since, says a Scotch newspaper, a gentleman traveling from Glasgow to Perth, had for his companions two females extensively got up. On entering the tunnel near the Perth station both of them sat beside him, but on emerging therefrom, to his amazement and horror he discovered that one of his fair friends was missing. When the tickets came to be collected he was cautioned by his neighbor to say nothing of the accident till they came to the station.—The tickets were taken, and the station reached, when to all from beneath the crinoline of the female beside him came, or rather creeped, the lost maiden, the cause of all his anxiety!

THE FLAG OF TRUCE FROM RICHMOND. The bearer of the flag of truce from Richmond to Washington has not yet received an answer. It is denied on authority that it has any relation to the treatment of prisoners. Those likely to be in the secret say that while it relates to unimportant questions, it makes manifest to searching minds the fact that the rebellion is unquestionably on the wane, and probably will not be much longer sustained by the people of the South.

The Traveller publishes as an *on dit* that certain parties have gone to Mount Ararat to find the remnants of Noah's Ark, and sell them to the United States Government for transport service, at a profit of five thousand per cent.

The New Orleans Delta says the Confederates cannot afford defeat. Lost ground, it avers, must be recovered, though at the hazard of hundreds of battles and tens of thousands slain.

The gamblers in Richmond Virginia, held a meeting last week and raised a fund of $6000 to carry the next election of Mayor, and protect the sporting and rowdy interests.

A short time since Col Minnis, of the Indiana 10th, accompanied a scouting expedition to Montavello, Tennessee. Having heard of the strong secession proclivities of the keeper of the only tavern in town, he repaired to the hotel and ordered dinner for himself and for other officers. After all had been satisfied, Col. Manson called up the landlord and tendered him a $5 Confederate Treasury note in payment.—Boniface looked at the bill first, and next at the Colonel, and then drawled out, "I reckon that money won't go good just now." "Wasn't it good the other day when Gen Crittenden paid you in it?" was the reply of the Colonel, to which mine host had nothing to reply.

AN OPPOSITION TO UNION MEN. The Washington correspondent of the New York Herald says:

"No one has manifested more delight at the news of our recent victories in Tennessee than Senator Andy Johnson of Tennessee, and Emerson Etheridge, Clerk of the House of Representatives. They have been busy in explaining to Senators and Representatives the strategic importance of the occupation of Forts Henry and Donelson. The possession of these defenses not only cuts off the communication between Bowling Green and Columbus, but opens to Federal authority and protection a tier of counties extending along the Tennessee river to Mississippi and Alabama—a section in which large majorities were cast against secession, and where thousands of Union men are still loyal and ready, if provided with arms, to fight for the maintenance of the Union."

ANSWERS FOR PRESENT CONTRABAND MONEY.—Quite a business has been done lately in passing counterfeit ten dollar bills on the Atlantic Bank, Boston, and the Bank of Lamoille, Vermont, by a band of counterfeiters. Monday afternoon Horatio F. organ was arrested in this city and identified as one of the parties that passed the bills, and gave him. Shelburne was arrested in Augusta, and brought to this city for trial. Saturday Judge Clifford, [illegible] the United States Circuit Court, [illegible] Shelburne to be [illegible] in the sum of $2000 to answer the charge of passing counterfeit money. The counterfeit bills are [illegible] well executed.

[illegible] We are prepared to execute job printing of all kinds at reasonable low prices and in the neatest style.

Supreme Judicial Court—Criminal Term.

APPLETON, J. presiding.

February 11.

The Grand Jury came in this morning and reported, in part, about twenty-five bills. They will come in to-morrow (Wednesday) morning, and be discharged, when the Traverse Jurors will be empanelled and trials will proceed.

The following prisoners (all that are in jail.) were arraigned, and severally pleaded as follow:—

State vs. John Roberts, of Bangor. For breaking into B. F. Bradbury's store, in December last, and stealing three bottles of ketchup. Defendant, when intoxicated, on the Sabbath, broke a pane of glass in the store, reached in and took the bottles. Plea—not guilty.

State vs Joseph Driscol. For breaking into Joseph Graves & Johnson P. Gould's shop and stealing therefrom two rifles and six pounds of metal. Plea—not guilt.

George Jones discharged.

State vs George Clements, of Lincoln. For stealing from Bradford Wyman at Lincoln, goods to the value of $17. Plea—not guilty.

State vs. George W. Runnells, of Bangor.—For an assault on Gilbert H. Lane at Bangor in November last, and stealing from him a cap and broom pin—highway robbery. Plea—not guilty. D. Sanborn.

State vs George W. Runnells, of Bangor.—Highway robbery of a fur cap, and assault with knuckles on Wm. N. Ray, at Bangor, in December last. Plea—not guilty. D. Sanborn.

State vs George Rose, of Bangor. For stealing the horse and vehicle of S. & J. Adams, in October last. Plea—not guilty.

State vs. George Rose. For stealing Dr Snell's horse. Plea—not guilty. The prisoner indulged his propensity for riding at rather an expensive rate.

JANUARY TERM.

February 10.

M. G. Rice vs. Wm. Mann. Judgment for defendant.

David Lail vs. City of Bangor. Judgment for defendants.

OPINION.

Samuel W. Estabrook vs. C. Burnham et al. Plff nonsuit.

Smith. Sewall.

☞ The auction sale of flour will take place to-day at 10½ o'clock. See advertisement.

☞ The coldest morning of the season was that of yesterday. At sunrise the mercury ranged from 14 to 22 below zero, according to location and exposure of the instruments.

BRADLEY, Feb. 10.

Messrs. Wheeler & Lynde—

Within a few weeks I have seen several accounts in your paper of what patriotic men have done towards crushing out the rebellion. Some have aided with their money, others have given their sons the shield, and sent them forth with the Spartan mother's command—"Either return with this, or upon it." Among those of the latter class may be mentioned James Sawyer, Esq., of this place, who has sent his three sons to fight the battles of their country, and is prevented from joining them himself only by his age. CITIZEN.

INSTALLATION. The officers of Felicity Lodge No 19, F. & A. M., at Bucksport, were installed on Monday evening last, in the presence of the brethren of that lodge, invited guests from the neighboring towns, and a large number of ladies, friends and acquaintances of the members. Past Master Samuel Carter installed the Master elect, Ambrose White, after which the Master, assisted by Wm. Ross, acting Marshall, proceeded to install the other officers of the Lodge. The officers for the ensuing year are as follows:

Ambrose White, Master,
DeWitt C Folsom, S. W.
F P. Osgood, J W.
Samuel Carter, Treasurer.
Wm. H Pillsbury, Secretary.
E. P. Emerson, S. D.
T. B Hawley, J D.
Wm H. Gunn, S. S.
Joseph P. Ames, J. S.
J W. Patterson, Tyler.
H S. Leopher, Chaplain.
J. H. Sherman, Marshal.

At the conclusion of the installation services the company adjourned to the Robinson House, where a bountiful and elegant collation had been prepared by the landlord, Mr. J. F. Moses, who thoroughly understand every department of hotel keeping, and always furnishes a fine collation. A welcoming speech was made by the Master, the Throne of Grace was addressed by the Chaplain, and then came the part in which each one strove to excel his neighbor, and all performed feats more wonderful than ever before recorded in the history of the Lodge. After a portion of the viands had been dispatched, an hour or more was spent socially when they retired to their homes, highly gratified with the pleasures of the evening.

Felicity Lodge is one of the oldest in the State, working now under a charter granted in 1809, we believe. It is in a flourishing condition, and bids fair to do a great amount of good. There were thirteen petitioners for the original charter, all of whom have been translated to the Celestial Lodge above, where the Supreme Architect of the Universe presides. We hope that the Master will see that too many interesting facts connected with the early history of the Lodge are written out, before their cordelshall be destroyed by any unknown accident.

STATE TEMPERANCE CONVENTION. The friends of temperance in Maine are invited to meet in convention at Lewiston Hall, Lewiston on Tuesday, February 18, at 2 o'clock p. m. The object of the convention is to consult in relation to the present state and future prospects of the cause of total abstinence from, and prohibition of, the sale and use of intoxicating liquors. We wish to meet the good men and women of the State—the old friends and young soldiers of the cause, in a good rousing, old fashioned Temperance Convention, such as used to assemble in other days. Come, then, one and all, in the name of the Lord and our common humanity.

All persons attending the convention can pass at half fare on the Androscoggin and Kennebec, Kennebec and Portland, Androscoggin and Kennebec, Penobscot and Kennebec, and Sixth and Farmington railroads. The convention will continue two days, Wednesday.

(Signed by the Committee of the Grand Division of the S. of T., and by the Executive Committee of the Maine Temperance Association.)

On account of engagements elsewhere.

Dr. Lighthill

will leave Bangor on Monday morning, February 17th. He can be consulted at the BANGOR HOUSE until SATURDAY EVENING, February 15th.

After the above date, Dr. C. B. LIGHTHILL can be found at Augusta, Me.

DR. A. P. LIGHTHILL,
No. 8 Boylston Place, Boston.

Levee at Hampden.

The Ladies of the Congregational Sewing Society of Hampden will give a Levee at the Town Hall on THURSDAY Evening, the 13th inst. A cordial invitation is extended to other societies, and to all friends of social entertainments for beneficent purposes.

☞ Come all! Interchange friendly greetings and do good.

☞ Desirable refreshments will be provided.

Railroad Accident. Yesterday afternoon the third or rear car of the train from Island Pond, broke its double when about two miles above Mechanic Falls, and gently slid down the embankment. One end of the car rested upon the base of the embankment, while the other rested on the top. There were about 30 passengers in the car, but no one received any injury. The car was but slightly damaged, and the train was delayed but a few minutes.—*Portland Adv.*

They have up and had a financial panic in Turkey. The lower classes were on the rampage because bread was fifteen piastres the *oke*—whatever that is—and riots were frequent in Constantinople. The Sultan felt terrified at the state of things, and shut himself up in his palace until Fuad Pasha arrived, when matters hummered down uncommonly quick.—*Post.*

SPECIAL NOTICES.

State Temperance Convention.

The friends of Temperance of Maine are invited to meet in Convention at Jones' Hall, at Lewiston, on TUESDAY, Feb. 18th, at two o'clock P. M. The object of the meeting is to organize efficiently, to deliberate, and act with reference to the present state and future prospects of the cause of total abstinence from, and prohibition of, the sale and use of intoxicating liquors. We wish to meet the good men and women of the State—the old friends and young soldiers of the cause, in a good rousing, old fashioned Temperance Convention, such as used to assemble in other days. Come, then, one and all, in the name of the Lord and our common humanity.

TO THE
Daily Whig and Courier.

(Dispatches to the Evening Papers)

Motion to Expel Senator Powell of Kentucky—Ward's Report on Reciprocity Treaty—Arrest of a Traitress and Accessory—Roanoke Island Captured after Three Days' Fighting—People of Norfolk and Portsmouth Panic-Stricken.

NEW YORK, 11th

The Tribune's Washington despatch says that Senator Chandler will introduce a resolution into the Senate tomorrow for the expulsion of Mr Powell of Kentucky

The report by Mr Ward on the Reciprocity Treaty recommends the appointment of three commissioners to meet a like number on behalf of Great Britain, to regulate the commerce and navigation between Her Majesty's possessions in North America and the United States, and to make them reciprocally beneficial and satisfactory, as was intended by the Reciprocity Treaty

A lady calling herself Mrs Morris was arrested today She is charged with giving information to the enemy regarding the position and strength of the Federal troops and fortifications in and about Washington

Mr Walworth, son of Chancellor Walworth of New York, clerk in the Adjutant General's office, has also been arrested and imprisoned on the charge of acting in complicity with her

NEW YORK, 11th

It is rumored that important news may be expected from General Lander's division He has taken Romney, but evidently has no intention of staying there It is believed that his force is now in the neighborhood of Winchester This may mean a flank movement on Manassas, but the prevalent impression is that it simply relates to the opening of the Baltimore and Ohio Railroad A large body of our troops are to be thrown across the Upper Potomac to participate in this movement, and once across, it is very doubtful whether they will have occasion to return

From the high country of the Upper Potomac I learn that the dry winds have prevailed, and that the ground is now in a position to bear heavy artillery

PHILADELPHIA, 11th.

The Baltimore Clipper publishes an extra stating that Roanoke Island was captured after three days' fighting A large number of prisoners were captured Two of the rebel gunboats were captured, and the rest sunk or scattered The people of Norfolk and Portsmouth are panic-stricken

The above is confirmed by passengers by the Fortress Monroe boat

CAIRO, 11th

A detachment of the 31st Illinois regiment destroyed a portion of the bridge on the Louisville, Clarksville and Memphis railroad Saturday evening

The rebel camp at that point had been previously evacuated

NEW YORK, 11th

A Fortress Monroe letter of the 9th states that the bombardment of Roanoke Island continued yesterday About noon Commander Lynch got his rebel flotilla under way, and came down Carrituck Sound to assist Wise on the island

The Federal gunboats, at five o'clock on the afternoon of the 8th, had sunk three of the rebel gunboats and captured two, one of which had the Commodore's pennant, and dispersed the rest in every direction The firing ceased at dark, but recommenced with increased vigor in the morning until eight o'clock, when it is supposed the rebels surrendered

A fireman on board the Seldon said the Federals had landed large numbers of troops, and on all flag could be seen at Elizabeth City flying over the batteries

It was rumored at Norfolk on the morning of the 9th, that three regiments had been recently sent to Roanoke Island, and as there was no chance of escape, they are all probably captured

The rebels acknowledge that the only obstacles of importance to retard Burnside's march upon Norfolk are the swamps, marshes and sickness.

1862---Fall and Winter---1862.
CLOTHING.

GENTLEMEN

Having retired from years the fortunes of Tailors doing a credit business, and having myself proved that system to be utterly wrong for the Retail Tailoring business, I feel compelled to adopt the CASH SYSTEM It is better for the customer who expects to pay for his garments as the amount lost by bad debts, under the credit system, is divided between the patrons and the patronized, as the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bankruptcy Consequently I would invite all cash paying customers to examine the Stock of Goods now on hand and see if the prices are not 20 per cent less than at any other Clothing House in the city. The Cutting Department is under the charge of

Mr. J. H LARKIN,

favorably known in New York and Boston as one of the Best Artists in the Art of Cutting

ALL

Garments made at my establishment warranted to give entire satisfaction, and in any style to suit customers

LATER FROM WASHINGTON.

Amendments to the Treasury Note Bill.

A Daily Line of Steamers to be Established to ROANOKE ISLAND

From the Army of the West.

Return of the Expedition up the Tennessee River.

THE RIVER OPENED TO FLORENCE, ALABAMA.

Ft. Donelson Surrounded by our Troops.

Reported Evacuation of Bowling Green.

Rebel Letter Carriers Arrested in INDIANA.

A Large Amount of Ammunition Captured in Mo.

WASHINGTON, 11th

Operations of the Quartermaster's Department as to forage may be judged from the fact that on this side of the Potomac 1443 teams are employed by Capt Dana, who issues daily 200 tons of hay and 6000 bushels of grain, supplying in this district on the divisions of Generals Smith and McCall on the south side of the river 4000 employees are engaged in this work at monthly aggregate salaries of about $85 000 On the south side of the Potomac under Quartermaster Ingalls, there are issued daily one hundred tons of hay and 6800 bushels of grain, employing 600 men

The Quartermaster's Department at Alexandria, under the supervision of Lieut Ferguson, has now on hand nearly one million bushels of grain and all contracts for further delivery at that point have been annulled in consequence

The forage and subsistence of the army brought from Baltimore are now conveyed direct from Washington station to the camps in Virginia by railroad over the Long Bridge This continuous line was opened yesterday, and prevents the delays heretofore experienced

Secretary Stanton is recovering from his attack of sickness yesterday, which was owing to close and long continued application to official business He expects to resume his business at the War Department tomorrow

War Department, Feb 11, 1862.

The Secretary of War desires to establish a regular daily communication between Fortress Monroe, Port Royal, Hatteras and Roanoke Island, by light, swift steam packets Plans, proposals, and estimates will be received for four days, by mail, telegraph or personal interview, from shippers, ship owners and express lines. No speculative proposition will be received, nor any from persons not how in the profession of or having control of the required means to transport

[Signed] E M STANTON,
Secretary of War.

A despatch received tonight from Gen Halleck says he has captured in Missouri 19 rebels and a large amount of ammunition, including 120 kegs of powder

WASHINGTON, 11th

The only measures before the Committee of Ways and Means is the tax bill They have reported the general appropriation bills, all of which the house has passed with the exception of those for the Post Office Department and the Indian tribes The aggregate amount reported by the Committee is about $80,000,000 This sum is independent of appropriations reported by other committees and the increase of expenditures by amendments

WASHINGTON, 11th

The Senate Finance Committee has agreed upon sundry amendments to the House United States Treasury Note Bill Among them is one to strike out the declaration that the authorization to issue one hundred and fifty millions of dollars is to meet the necessities of the Treasury, and to provide a currency receivable for the public dues, and to insert, that the notes shall be receivable in payment for all public dues and demands of every description, and of all claims and demands against the United States of every kind whatsoever, except for interest upon bonds and notes, which shall be paid in coin, and shall also be lawful money and a legal tender in payment of all debts, public and private, within the United States, except interest as aforesaid

The Committee also propose a new section authorizing the Secretary of the Treasury to receive from any person or corporations in the United States, notes on deposit for less than 30 days, in sums of not less than $500, with any of the Assistant Treasurers or designated depositories authorized by the Secretary to receive them, who shall issue certificates of deposit bearing interest at the rate of 5 per centum per annum, interest to cease at the pleasure of the Secretary, and the aggregate of such deposits shall at no time exceed the amount of $25,000,000

Also, provided, that all duties on imported goods, the proceeds of the sales of public lands, and the proceeds of all property seized and sold under the laws of the United States, as the property of rebels, shall be set apart as a specified fund to be applied—

First—To the payment in coin of the interest of the debt of the United States

Second—To the purchase or payment on one per cent of the entire debt, to be made each fiscal year after the 1st of July, 1862, and to be set apart as a sinking fund, the interest on which shall be applied to the purchase or payment of the public debt, as the Secretary shall from time to time decide

Third—The residue thereof to be paid into the treasury of the United States.

INDIANAPOLIS, 11.

A special from Indianapolis to the Commercial says that two men were arrested at Princeton, Indiana, a few days since by the Surveyor of the port, and on searching their persons, their clothing and boot legs were found padded with letters for parties at the South, many of them from Europe. One of them had a large amount of gold on his person.

Reinforcements have gone forward from Danville and Somerset to support Gen. Thomas on his advance on Knoxville.

PROVIDENCE, R. I., 11th.

Flags were displayed half mast all over the town in the morning and a minute gun fired in honor of the memory of Admiral Foote.

CINCINNATI, 11th.

A special Cairo despatch says the Federal officers from Fort Donelson report that Gen. Grant had surrounded the fort with seven batteries of artillery, and that will be shelled or surrendered today or tomorrow There are 8000 rebels in the fort

CAIRO, 11th.

The gunboats sent up Tennessee river had captured one rebel gunboat, destroyed all their transports and broken up all their camps, and the river is now clear as far as Florence, Ala.

ST LOUIS, 11.

The Union Chamber of Commerce to-day unanimously passed resolutions urging our Senators to support the Treasury Note Bill recently passed by the House

A special despatch from Cairo to the Democrat says Commodore Foote has just received despatches from Captain Phelps of the gunboat Conestoga, announcing the return of the gunboat expedition up the Tennessee river. After capturing a new rebel gunboat and destroying all the other rebel boats on the river, they went as far up as Florence, Alabama.

The Republican's Fort Henry despatch says that a portion of our army encamped near the the river has been moved two miles further back with all their batteries, from which point the roads are good, and a forward movement can be made when desired

Two regiments arrived to-day, and two steamers laden with troops are just coming in sight

The enemy at Fort Donelson are being rapidly reinforced, and a prisoner says they are confident that they can hold the position Trees are being felled two miles around the fort by a gang of negroes. General Pillow is in command there with 2000 men, embracing some of the best artillerists from Columbus

There are two small forts and three camps several hundred yards from the main fortification, and present appearances indicate that the coming battle will be much more desperate than that of Fort Henry

LOUISVILLE 11th

Two persons just arrived report that the rebels are evacuating Bowling Green, with indications of their proceeding towards Nashville

SAN FRANCISCO, 11th

Arrived—ship Wm C Nye, New York, pilot boat C Cushing, Boston, bark What Cheer, Shanghae Sailed—ships Red Gauntlet, Hong Kong, Visargus, Callao, steamer Sonora with two passengers and $670,000 in treasure for New York, and $150,000 for England. Trade is reviving slightly with moderate transactions in general merchandise

A speculative movement has occurred in foreign brandies, establishing a price of 25c a 50c per gallon

37th Congress—2d Session.

WASHINGTON, 6th

SENATE

Mr King presented a resolution of the Chamber of Commerce of New York in favor of the immediate passage of the Treasury Note bill pledging the support of the merchants of New York to the Government

Mr Wilson presented a peton signed by 26,315 persons, in favor of homœopathy in the army Referred

Mr Lane of Indiana offered a joint resolution explaining the act indemnifying the State expenses of the war to mean expenses before and after the passage of the act

Mr Johnson, after presenting a petition of Philadelphia, for the appropriate observance of the 22d of February, offered a joint resolution that the Houses assemble in the House of Representatives on the 22d, and that the President, Cabinet, Foreign Representatives, and Officers of the Army, be invited, and Washington's Farewell Address be read

Mr. Hale thought it would be much better to hang some public robber, or shoot some cavalry officer!

The resolution was adopted

Mr Sumner offered a series of resolutions declaratory of the relations of the United States with certain states. Laid on the table, 21 against 15

A bill was introduced to authorize the banks in the District to issue notes less than five dollars Referred

The Vice President appointed Mr Cowan on the Finance Committee in place of Mr Bright, and Mr Henderson on the Post Office Committee in place of Mr Bright, and Mr Wilson of Missouri on Indian Affairs in place of Mr Cowan

The fortification bill was taken up

Mr Fessenden gave notice that he should call up the Treasury Note bill tomorrow, and press it to a speedy passage

The amendment of the committee making an appropriation of $550,000 for the defences of the harbors of Maine, in case war is imminent with a maritime power, was amended by striking out the words, "imminent danger of war with any maritime power," so as to leave it to the judgment of the President, and then adopted.

Mr Nesmith offered an amendment appropriating $100,000 for a fort at the mouth of the Columbia river, which was modified to read, "if in the judgment of the President it is necessary," and then adopted.

Mr. Grimes moved to strike out all the appropriations relative to the lakes. Rejected.

Mr Sherman moved as a substitute for the bill to appropriate a million for the repairs of existing fortifications and two millions for works of defence in case of emergency.

Mr. Trumbull moved to recommit the bill to the Military Committee, but after debate withdrew it, the question being on Mr. Herman's amendment.

There being no quorum present the Senate adjourned.

HOUSE

Mr. Hicks of Ohio offered a resolution instructing the War Committee to inquire and report into the alleged abuses in Kansas in mustering disabled soldiers in a state where they are likely to spread disease, in which it is alleged over 1000 have died within a year, and whether the same prevails in other states.

[illegible]

[illegible] Mr. Stevens moved to table the resolution and demand the previous question thereon.

[illegible] Mr. Stevens said he was willing to have the facts published, but he was opposed to the resolution because it was a mere fishing one. He was opposed to the system of fishing resolutions. He was willing to have the facts published, but he was opposed to the system of fishing resolutions.

[illegible] Mr. Stevens said he

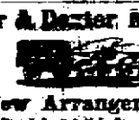
Bangor & Dexter Mail Stage



New Arrangement.

ON and after July 1st, this Stage will leave Bangor at 6½ o'clock A. M. on *Tuesdays, Thursdays and Saturdays*, passing through Glenburn, Kenduskeag, Corinth, Exeter, Mills, Exeter, Garland and West Garland, arriving at Dexter at 10½ o'clock P. M.

Returning, will leave Dexter at 4½ o'clock A. M. on *Mondays, Wednesdays and Fridays*, passing thro' West Garland, Garland, Exeter, Exeter Mills, Corinth, Kenduskeag and Glenburn, arriving at Bangor at 8 o'clock P. M.

All orders promptly and faithfully attended to.

On *Wednesday* of each week passengers from Dexter and Garland will be ticketed through to Boston, by Steamer Sanford, for *Four Dollars*. Two or more passengers will be furnished with an extra to connect with the Sanford, *Thursday mornings*, at regular fare.

F. W. ELDER, Proprietor.

Dexter, July 1, 1861 aug23

FILE CUTTING!

I WISH to inform the public that I still continue to re-cut Old Files and Rasps, of every description, which I will *warrant* to do as much work as new ones, at from one half to two-thirds the cost. I have also on hand a large stock of new and re-cut Files, which I will sell very low, for cash.

I would particularly recommend for those using Filing Machines to try my new pattern of MILL FILES, made expressly for those Machines.

All old Files sent to be recut, or orders for Files will be promptly attended to.

JOB COLLETTE,
Exchange Street, foot of York.

BOOTS AND SHOES

MADE ON

PLUMER'S PATENT ANATOMICAL LASTS!

(From J. V. C. Smith, M. D., formerly Mayor of Boston.)

PLUMER'S PATENT BOOTS

The Undersigned has worn a pair of these Improved shoes, and feels grateful to the inventor for the comfort derived from them. The nice adjustment of the sole to every part of the under surface of the foot, is an important circumstance which seems to have been entirely overlooked till Dr. Plumer planned his Last and Boot upon *truly scientific principles*.

Those who have once had an opportunity to test the real advantages of these Philosophically made Boots, will hardly be persuaded to wear any other.

J. V. C. SMITH

Boston, July 25, 1861.

J. G. PLUMER, M. D.,

Dear Sir—I am greatly delighted with your newly invented boots which I have worn during the past winter and only wonder that the world should have been so stupid as not to have made the discovery half a century ago. Any one who has a grain of common sense and a moderate reflection, cannot fail to see that your "Patent Anatomical Boots" are perfectly adapted to the foot, that wonderful piece of *Nature's Mechanism*, giving to every portion of it a *full and equal support*, and I am sure that those who once make a trial of your new invention will never go back to the old fashioned boots or shoes which are so prolific of Corns, Bunions, and a thousand other troubles. Your "*Patent Boots*" seems to be part and parcel of our *Physical structure*, supporting the *arch only*, *giving freedom to the foot*, and promoting its natural functions to an eminent degree, especially in walking over rough surfaces.

I wish I knew some means by which I could make known to every man, woman and child in Christendom, the great importance of your invention.

Very truly yours,
M. FRED MATTSON, M. D.
65 Summer Street.

BOSTON, July 12, 1860.

DR. PLUMER—

Dear Sir—Having learned the principle upon which your "Anatomical Last" is made, I was favorably impressed in its efficacy in relieving a difficulty which all have experienced, who have to walk considerably, viz., severe pain in the feet after much walking. After having worn a pair made upon the "Anatomical Last," I find my anticipations more than realized. I can walk nearly as easy without experiencing the above pain, and difficulty in the least degree. I have escaped the lacerating corns so dreaded by many, for they were as easy at first as after they had been worn.

Truly Yours, H. HICKMAN, M. D.
Corner of Congress and Tremont Streets.

I have been engaged for over six months in the manufacture of BOOTS and SHOES on the

"Plumer" Patent Last

with decided success. Experienced workmen are employed, the BEST stock used, and a perfect fit guaranteed.

DR. SWEET'S

Infallible Liniment!

—THE—

Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind, and in thousands of cases where it has been used, it has never been known to fail.

FOR NEURALGIA, it will afford immediate relief in every case, however aggravating.

It will relieve the worst cases of HEADACHE in three minutes, and is warranted to do it.

TOOTHACHE also will yield to its care instantly.

FOR NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess, this Liniment is the most happy and gratifying remedy—Acting directly upon the nervous system it strengthens and revivifies the system, and restores it to elasticity and vigor.

FOR PILES—As an external remedy, we claim that it is the best known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a radical cure.

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to ensue if neglected, the worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of *DR. SWEET'S INFALLIBLE LINIMENT*, when used according to directions. Also, CHILBLAINS, FROSTED FEET, and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance or lameness, will effectually prevent Loss, formidable diseases, to which his horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over one hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received, within the last two years, and many of them from persons in the highest walks of life.

CAUTION.

To avoid imposition, observe the signature the likeness of Dr. Stephen Sweet on every bottle, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.

PROF. WOOD'S

HAIR RENEWER

AND

BLOOD RENOVATOR.

Improved only wherein it claims indicates for white pleasant to the taste, it is revivifying, exhilirating, and strengthening to the vital powers. It also revivifies, relicitates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and scientifically adapted to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by languor or depression of spirits. It is composed entirely of vegetables, and those combined that are powerful tonic and soothing properties, and it is frequently and never imparted such a remedy, as it has been left to be a landmark in the medical world, both by the thinking school in medical science and also by all who have suffered by debility, low or feeble spirits, dyspepsia, or at least, to see that the healthy fluids and solids of disease, and lays the foundation of system from the attacks of many of the most dangerous diseases, with a good humanity is constantly [illegible] as a tonic, as the following complaints, viz. [illegible] dyspepsia, loss of appetite, nervousness, debility, neuralgia, palpitation of the heart, melancholy, hypocondriasis, night sweats, languor, listlessness, and all that class of diseases so fearfully fatal if neglected in time, called *female weaknesses and irregularities*. Also, over derangements or torpidity of the liver complaints, diseases of the kidneys, scalding or painfulness of the urine, or any central derangement of the urinary organs, pain in the back, sideland between the shoulders, costiveness, dizziness, headache, dull continued headache, constipation, habitual costiveness, and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following these and fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases now in already attacked. And has it sects directly and consequently upon the biliary system, as using the liver to action, promoting, in fact, all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle of it with them, and all should take a tea spoonful at bed before ending. As it promotes sound sleep, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant, and efficient remedy against those ills which so [illegible] them of their beauty, for beauty cannot exist without health, and health cannot exist while the above irregularities continue. Then again the medicine is a perfect monger's relief. Taken a month or two before the bad time, it will pass the dreadful period with perfect ease and safety. There is no mistake about it, this combination *is all we claim for it. Mothers try it!* And, if you we appeal to detect the illness or decline, not only of your daughters, before it be too late, but also your sons and husbands, for while the former, from false delicacy, often goes down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel on the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy, which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists.

Price, One Dollar per bottle.

YOU CAN'T FIND

An Article that Sells as Well as

HEMSTREET'S INIMITABLE

HAIR RESTORATIVE.

Apothecaries and consumers all testify that It is the Only Reliable Article

FOR THE BALD AND GRAY

Read the testimony from Kentucky.

PADUCAH, KY., July 27, 1860.

MR. W. A. BELL.

Dear Sir—I have used HEMSTREET'S INIMITABLE HAIR RESTORATIVE, and am satisfied from an experience in all other preparations for the like purpose, that it is the only *article ever before the public worth purchasing*.

Yours truly, JOHN G. DALY.

PADUCAH, KY., July 27, 1860.

MESSRS. W. E. HAGAN & Co., Troy, N. Y.

Gents—Above please find statement of Mr. John G. Daly, a merchant of our city, in regard to HEMSTREET'S INIMITABLE HAIR RESTORATIVE. This testimony is given after having used most of the preparations now before the public *claiming* to be Hair Restoratives, and *must be considered conclusive* as to the merits of the *inimitable*. Am out of the large size. Forward by Railroad, donor the quantity we had before.

Very truly yours, W. A. BELL.

IT WILL RESTORE THE NATURAL COLOR OF THE HAIR,

where age or sickness has turned it gray, and it will render it soft and glossy.

"ANYBODY"

who may try it, will find that it does not color the skin, but by stimulating the natural secretions at the roots, gives new life and strength to the Hair, and thus restores its color and freshness. It can be used as freely as water upon the scalp, and with so much safety—as composed of oil and stimulating spirits, and as an article for the toilet has no equal.

Read this Letter

ST. LOUIS, MO., June 1st, 1859.

MESSRS. W. E. HAGAN & Co.

I hereby certify that my Hair having become gray and my head partially bald, I bought from Henry Reynolds, Druggist, one four oz. bottle of HEMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness, it removed all dandruff, arrested its falling, and gave it a rich, glossy appearance. Its effects were entirely different from any Hair Preparation I ever used before. I know of several ladies and gentlemen who are strangers, who had spent a fortune in vain, as using the best and cheapest Hair Preparation in our market. I can fully recommend it, and will refer any one to Henry Reynolds, Druggist, for the truth of my statements. WILLIAM ROSENBALL.

Read one of the many letters received by the Proprietors

ST. LOUIS, MO., Aug. 2, 1860.

MESSRS. W. E. HAGAN & Co., Troy, N. Y.—Gents—The happy results attending the use of *Hemstreet's* INIMITABLE in every case I the world, *Hair Restorative*, seems to demand that I should give my testimony that other unknown put profit by it. I have never used a hair preparation that I liked so well. It has completely restored every hair that was grey to the color, curling, glossy, and had brought it out thick and healthy. I would recommend the article by Mr. Reynolds, your Agent here. If this letter will be of service, you may publish it.

Very respectfully yours,
MRS. H. M. BORST, *Brooklyn st.*
